WHY:

- In the last year, the number of clients coming to the MEND Center for emergency food assistance has increased by 100 %!
- MEND goes through almost 250,000 lbs of donated food each month!
- MEND serves more than 20,000 hungry people each month through its Foodbank!
- MEND is the largest Foodbank in the San Fernando Valley, serving more than 25 smaller food pantries and distribution programs throughout the area
- Historically MEND has distributed more food during the summer...more than other months of the year except December – but our income is the lowest!

About MEND:

In the early 1970s, MEND (Meet Each Need with Dignity) opened its doors in an effort to transform the lives of the neediest residents of the San Fernando Valley - poor children and their struggling families. Starting as a small group of volunteers working from a garage, MEND has

grown primarily by word-of-mouth into one of the leanest operating non-profit organizations in existence. More than 91% of the support and donations received by MEND, now the largest poverty agency in the Valley, provides emergency food, clothing, medical, vision and dental care, job skills training and job placement assistance, English as a Second Language classes, youth activities, and a Christmas program. In 2009, we served as many as 31,000 individuals per month.
